

Privacy and Policy

The following information describes how InFocus India would collect and use your personal information to provide services that you request or when you choose to provide us with your personal information.

Information Collection

InFocus India fully respects your privacy, and shall spare no effort to protect your personal information. Generally, you will not be required to provide any personal information for browsing this Website.

In order to measure the effectiveness of our online presence, some pages on this Website may use cookies, which are small text files that a site transfers to a user's (visitor's) hard disk or browser for added functionality or for tracking site usage. InFocus India may use cookies to log your IP address and to determine the path users take on our site and to identify repeat users of our site, but we do not link your IP address to your personal information. If you do not wish to receive cookies, or want to be notified of when they are placed, you may set your web browser to do so, if your browser permits.

For specific purposes, in case you provide your name, gender, category and number of credentials, date of birth, country, title, occupation, contact details, services or information desired, customer code and other similar personal information that are required for registration or reading E-information by voluntarily filling in forms, you will be deemed having understood and accepted the use of your personal information and agreed that InFocus India uses your personal information for the specific purposes.

What information do we collect about you?

Information about your use of the Services

In addition to the information you provide, we may collect information about your use of our Services through software on your device and other means. For example, we may collect:

Device information:-such as your hardware model, IMEI number and other unique device identifiers, MAC address, IP address, operating system version, and settings of the device you use to access the Services.

Log information:-such as the time and duration of your use of the Service, search query terms you enter through the Services, and any information stored in cookies that we have set on your device.

Location information:-such as your device's GPS signal or information about nearby WiFi access points and cell towers that may be transmitted to us when you use certain Services. Other information about your use of the Services, such as the apps you use, the websites you visit, and how you interact with content offered through a Service.

Use of Information Collected

InFocus India will not sell or rent your personal information at any time under any circumstance. Your personal information will only be used for InFocus India business purposes such as, to meet your requests for certain products, documentation and/or services, to send solicited information, to process an order, to conduct a transaction, to handle a job application or to perform market research. Your personal information may be shared with other InFocus India offices or subsidiaries around the world. However, InFocus India may provide certain portion of your personal information to law executive organs and government authorities as so requested; and InFocus India might disclose certain portion of your personal information within a strictly limited scope of recipients when InFocus India reasonably thinks it is necessary for protecting InFocus India, its customers or the public. You shall have foreseen and agreed to the occurrence of such events when you provide your personal information.

Cookies

We, as well as certain third parties that provide content, advertising, or other functionality on our Services, may use cookies, beacons, and other technologies in certain areas of our Services.

Cookies

Cookies are small files that store information on your computer, TV, mobile phone or other device. They enable the entity that put the cookie on your device to recognise you across different websites, services, devices, and/or browsing sessions. Cookies serve many useful purposes. For example:

Cookies can remember your sign-in credentials so you don't have to enter those credentials each time you log on to a service.

Cookies help us and third parties understand which parts of our Services are the most popular because they help us to see which pages and features visitors are accessing and how much time they are spending on the pages. By studying this kind of information, we are better able to adapt the Services and provide you with a better experience. Cookies help us and third parties understand which ads you have seen so that you don't receive the same ad each time you access a Service. Cookies help us and third parties provide you with relevant content and advertising by collecting information about your use of our Services and other websites and apps.

When you use a web browser to access the Services, you can configure your browser to accept all cookies, reject all cookies, or notify you when a cookie is sent. Each browser is different, so check the "Help" menu of your browser to learn how to change your cookie preferences. The operating system of your device may contain additional controls for cookies. Please note, however, that some Services may be designed to work using cookies and that disabling cookies may affect your ability to use those Services, or certain parts of them.

Disclosure of Your Information to Third Parties

InFocus India may share your personal information with its business partners to better fulfill your requests for products and/or services. Certainly, InFocus India will only share your personal information with its business partners with your consent. If you do not wish to receive marketing materials from any of InFocus

India's business partners, please do not provide your contact information via the Internet or you may directly require them to remove your information from their contact list.

Securing Your Information

InFocus India has endeavoured to take commercially reasonable measures to prevent unauthorized access to and improper use of your personal information collected by registered or any other means mentioned above via your use of this Website. While we strive to protect your personal information, we cannot ensure the security of the information you transmit to us, and so we urge you to take every possible precaution to protect your personal data when you are on the Internet. Change your passwords often, use a combination of letters and numbers, and make sure you use a secure browser.

Supporting Children's Privacy

InFocus India's Websites do not target, and are not intended to attract children under the age of 13. InFocus India does not knowingly collect personal information from children under the age of 13 or send them requests for personal information.
